

'On Taris, we shave our heads. No. That's wrong. On Taris, we have our heads shaven for us.'	(11)
'When I ask how growing our hair would endanger our survival, people turn away from me. It's called withdrawing.'	(11)
"It's a waste of energy thinking about Outside."	(12)
"Juno's different and different isn't good. It divides us." "She's always trying to change things"	(25)
"It's not easy to be a child of Taris."	(31)
'I hated conformity and I hated compliance.'	(47)
"Thought before action."	(57)
"It's dangerous, Grif... isn't one enough?" "Ignorance is dangerous"	(65)
<i>That girl must die.'</i> (98) "Bitch goddess, this is all your fault!"	(332)
"____, dark and tall, would be more likely to slash at your certainties with a razor sharp observation."	(112)
"I've never felt free to be me"	(139)
"How we cope is to keep to the accepted ways." "Messy emotions have no place on Taris."	(164)
"I'm going to push a few boundaries." "I'm going to grow my hair"	(168)
"She looked troubled rather than angry."	(176)
"Our advice is to trust Juno." "The best way to be strong is to be united."	(185)
"Control the communication and you control the people."	(189)
"The no-hair rule isn't about survival, it's about control."	(198)
"I think he's the one to be scared of."	(206)
"All I'd wanted was hair. It had split my family."	(218)
"It's time to take our lives into our own hands."	(235)
"What I am about to tell you will rip apart the beliefs many of you have held all your lives."	(243)
"She had guts, that woman. She pulled us back from death."	(257)
"Our long history - all 200 years of it - is a myth."	(307)
"The Taris Project gave people hope ... it represented hope to a doomed world."	(307)
"The values we've believed in until now are as false as our history."	(326)
"Because of foolishness, pride and vanity, we nearly caused our island to die, and us with it."	
'His hateful eyes drilled into me.'	'On Taris, nothing was secret.'
"Suppress the history, suppress the truth: control the people"	
"We need to be the same. It stops competition and therefore division."
